University of Mumbai **Mumbai, India**
Bachelor of Commerce/Accounting with Distinction | *CGPA: 3.56/4.0* May 2018 - May 2021

PROFESSIONAL EXPERIENCE

Aorbis Inc. **Hartford, CT**
Finance Associate February 2026 - Present

- Managed monthly close and balance sheet accounts, resolving reconciliation gaps and reducing recurring adjustments by 20%
- Analyzed working capital drivers and recommended improvements to receivables, payables and short-term debt structure, strengthening cash flow stability and balance sheet efficiency
- Supported launch of a new service line by developing pricing and cost framework to ensure sustainable and scalable growth

PricewaterhouseCoopers (PwC) **Mumbai, India**
Experienced Associate - Capital Markets and Accounting Advisory Services (CMAAS) October 2022 - April 2024

- Performed financial due diligence for a $34B Irish multinational, supporting IFRS to US GAAP conversion and SEC filings; analyzed quality of earnings, working capital, revenue, lease and derivatives to inform deal and transaction readiness
- Supported a $20B UK telecom client during secondment by resolving 100+ audit queries, coordinating with cross-functional teams and preparing reconciliations, saving 120+ audit hours and improving auditor response time by 25%
- Facilitated financial statement transition from IFRS SME to IFRS for a $2B Saudi company by reviewing 50+ revenue contracts, drafting accounting memos and preparing IFRS-compliant financial statements with full disclosure alignment
- Modeled and reported Group ESOP expenses (ASC 718), projecting multi-year costs and supporting leadership decisions

Article Trainee - Audit and Assurance September 2019 - September 2022

- Executed statutory audits for listed companies ($300M+ revenues), performing financial statement analysis and cash-flow reviews to validate revenue recognition, leases and ICFR controls, ensuring smooth filings and minimal adjustments
- Managed statutory audits for two mid-sized firms ($25M revenue each), prepared financial statements, disclosures and trial balances with fewer than three review notes, using SAP ERP and strong demonstrated accuracy and consistency
- Led Corporate Governance certification review, assessing compliance processes and strengthening disclosure controls

FINANCE AND DEAL PROJECTS

Strategic M&A & Synergy Analysis - Nike / Lululemon

- Evaluated Nike's acquisition of Lululemon using intrinsic DCF valuation, identifying market mispricing and structuring a $31.1bn offer at $264.78 per share with positive NPV for both acquirer and target
- Analyzed operating synergies ($7.85bn PV), exchange ratios based on intrinsic values, capital structure alternatives and EPS accretion, concluding the deal is value creating driven by strategic fit rather than financial engineering

Strategic Valuation & M&A Analysis - SpartanNash (NASDAQ: SPTN)

- Valued SpartanNash using DCF, trading comps and precedent transactions, arriving at a $15.5-$27.4/share range versus the $22 market price and assessing upside/downside scenarios
- Built a 5-year LBO model (4.0x leverage, 6.0x exit) generating a 20% IRR and 2.5x MOIC, ran sensitivities on margins, capex and credit metrics and evaluated a potential UNFI acquisition, recommending delay to reduce execution risk

Equity Research & DCF Valuation - Lennox International & Trane Technologies

- Built 10-year DCF models with sensitivity testing and full comps benchmarking (EV/EBITDA, P/E, ROIC) using 10-Ks and industry data, strengthening model reliability and valuation discipline
- Recommended BUY on Trane (+9% upside) and HOLD on Lennox by analyzing WACC, margin drivers, pricing power and competitive positioning within the $240B HVAC market
